Understanding Human Sexuality

Synopsis

Hyde and DeLamater's *Understanding Human Sexuality* examines the biological, psychological, and sociological perspectives of human sexuality, providing practical information needed for everyday living, all with a firm grounding in research. The author team features a unique combination of a psychologist and a sociologist, which gives the program a distinct interdisciplinary perspective. The twelfth edition features a new emphasis on critical thinking skill development, with input from expert Diane Halpern to ensure clarity and accessibility for students. The new edition integrates SmartBook, a personalized learning program offering students the insight they need to study smarter and improve classroom results.

Customer Reviews

John D. DeLamater, Professor of Sociology at the University of Wisconsin-Madison. He created the human sexuality course at the University of Wisconsin in 1975 and has since taught it regularly. His current research and writing are focused on the effects of life-course transitions on sexuality. He is a Fellow of the Society for the Scientific Study of Sexuality and the 2002 recipient of the Kinsey Award from the Society for Career Contributions to Sex Research. Janet Shibley Hyde, is a Professor of Psychology and Women's Studies at the University of Wisconsin-Madison, received her education at Oberlin College and the University of California, Berkeley. She has taught a course in human sexuality since 1974, first at Bowling Green State University, then at Denison University, and now at the University of Wisconsin. Her research interests are in gender differences and gender development in childhood and adolescence.

Engaging and easy to read. I took Human Sexuality from one of the authors of this textbook and she was a great lecturer, obviously passionate about her work.

I would give it zero stars if I could. The picture is horrible and you have to zoom in and then try to navigate around the page to read. And the footnotes and appendixes are barely legible. Soooo pissed that I wasted the money on this. Now I know to never purchase a kindle ebook for class again.

I had to get this book for a Human Sexuality class I was taking in Grad school for my counseling studies and the course was given by none other than Yvonne Fulbright herself. One of the best classes I have ever taken and the book is not only good for the class but also for personal insight and discovery as well. Quick delivery too!!! Thank you!!! A+++

I had to get this for a class, but I found it incredibly easy to read and interestingly-written. I'm admittedly a nerd and keep all my textbooks instead of reselling, but I have referred this one several times since I took the class, so I'm especially glad I kept it. I highly recommend this book, even if you just get it as a reference addition to a personal or academic library.

as represented

Great read

Bought for school and reads like a normal textbook.

Fast service. Item as described.
