DIY Jewelry Making Tutorial Cameo Earrings, Practical Step By Step Guide On How To Make Handmade Embroidered Jewellery

Synopsis

I would like to welcome all of you who like to read about seed bead weaving and all of you who like handmade jewelry and want to look stylish and unique. One of the most popular topics is bezeling a stone or a cabochon with seed beads. From one side the stone is flat after polishing and convex from the other. You can just stitch a bezel around the stone, or you can create an embroidered jewelry with a cabochon in the center. During this master class we will learn a mosaic stitching technique on a special material (stiff stuff). This material will retain the shape of your jewelry. I will teach you how to sew on beads and finish the edges properly. Beading Tutorial is very detailed with clear beading instructions, step by step and with photos of each step. We will use: Two cabochons Cameo 25/18mm. Toho round beads: size 15/0, color: white, black. Delica beads: black. Size 11/0. Glass beads 3mm. Color: white, 3mm. Glue. Beading needles size 10/127. Scissors. Thread "wildfire" or "fireline" black 8 in, 0.20mm. Stiff stuff beading foundation. Ultra suede black. Ear wires. If you have any questions, feel free to contact with me. You are welcome to sell items you make from my beading tutorials you have purchased. Copying, selling or sharing my patterns is not permitted.
