Customer Reviews

superb book - the advert blurb description does not do this justice - it is essentially a textbook for a beginning Industrial Technology course with lots of detailed explanation of how things work, with terrific diagrams - i got mine via -used for a bargain price

Weight of the product fees good in my hand and it's very nice looking. If your looking for value in a product this is it. low price. the old one has been broke in my family , good product with high quality. perfect.
