CUHK Series: Deng Xiaoping And The Transformation Of China(simplified Chinese) (Chinese Edition)

Synopsis

No one in the twentieth century had a greater impact on world history than Deng Xiaoping. And no scholar is better qualified than Ezra Vogel to disentangle the contradictions embodied in the life and legacy of China's boldest strategist—the pragmatic, disciplined force behind China's radical economic, technological, and social transformation.

Excellent Book! A great review of China history of modern times.

As a man born in early 70s in China, I still have a remote memory of the great changes we had been through in the whole 80s and 90s, and it's fantastic to review these changes now with the knowledge how a great man had pushed forward the process. The translation is also very impressive.

Informativ and well written
