## Customer Reviews

I am thrilled with this entire set! They're super informative, colorfully illustrated, and easy to read and comprehend. Each book is divided into chapters, which is a big deal for my budding readers. The subjects are interesting and explained clearly. The books are perfect for kids who do NOT love reading, because they are entertaining and keep the reader going to the end, giving them a boost of

personal achievement.

My eight year old found them very interesting!
