# **Malta Gozo & Comino, 4th (Country & Regional Guides - Cadogan)**

## Synopsis

Now fully redesigned, this new edition contains the most up-to-the-minute practical information and listings, along with color photographs and maps. Simon Gaul gives the inside story of his boyhood home, visiting the monumental sites of prehistoric Malta, delving into the mysteries of the Knights of Saint John and revealing the North African influences that permeate all aspects of life on the island. He shows you how to avoid the crowds and how to find them, tracking down hidden bays and secluded anchorages, as well as listing lively festivals and markets, and the trendiest beaches. Fabulous color photos and practical travel advice are teamed with the very latest eating out and hotel listings to help you get the most out of Malta, lush, green Gozo and tiny Comino, with its world-famous diving sites.

## Customer Reviews

Written with humor and authority, as well as obvious real affection for this offbeat destination. [Los Angeles Times \(US\)](#); Malta, Gozo & Comino by Simon Gaul: the pick of the bunch. Well-researched practical detail and a good read, to boot. [BBC Holidays Magazine](#); Amazingly well updated and researched [The Times](#)

Malta and her sister islands, Gozo and Comino, bridge the gulf between Europe and North Africa, their rocky cliffs rising dramatically out of the clear, dark waters of the Mediterranean. From saints to

grand masters, knights and corsairs to modern tourists, their lure has proved irresistible to visitors of all descriptions for many centuries. Steeped in history, Malta can provide a wealth of museums, prehistoric monuments, churches, palaces, forts, bastions and other architectural and archaeological jewels, to whet the appetite of the hungriest culture vulture. Yet she can also entice those of a more hedonistic bent to her beaches, bars, nightclubs and wild village festas. Simon Gaul brings the essence of these islands vividly to life with his entertaining and quirky take on all things Malti.
