Customer Reviews

With his "secret plans and clever tricks," the Enormous Crocodile desires to lunch not with but on a nice, juicy child. His croc companion, the Notsobig One, is the first to try to talk him out of his scheme, claiming children are no good to eat. "'Tough and chewy!' cried the Enormous Crocodile. 'Nasty and bitter! What awful tommyrot you talk! They are juicy and yummy!'" One jungle critter after another--from Trunky the elephant to Muggle-Wump the monkey to the Roly-Poly Bird--tries to prevent the Enormous Crocodile from carrying out his dastardly deed, but on he waddles toward the village. Unfortunately for him, the animals have a few secret plans and clever tricks up their furry sleeves, too! This new storybook format of a fabulous Roald Dahl and Quentin Blake classic is destined to delight a whole new generation of young readers. The first collaborative effort of this picture-perfect creative match, *The Enormous Crocodile's* uniquely Dahl-esque dialogue and

laugh-out-loud illustrations marked the beginning of a beautiful partnership. Some of their other creations include *The Magic Finger* and *The BFG*. Dahl is a master at giving readers a delectably sweet taste of vengeance. (Ages 6 to 10) --Emilie Coulter

Roald Dahl still delights after all these years. First my daughter devoured everything he wrote and mourned his passing when she was just 11, but now a new generation is enchanted by his timeless magic. Great gifts for young readers, even pre-readers. Dahl never talks down to kids and invites them into an unspoken conspiracy with adventure after adventure.

I read this to my kindergartners in Library class. The kids love it.

Story and illustrations were as I remembered them from a previous book I had years ago, but I was a little disappointed with the durability of the book itself. Seems a little too much like a magazine rather than a book. Paper quality is good, but for what it cost, I expected a sturdier cover.

Arrived in excellent condition, brand new! Make sure you read the measurements! It was much larger than I thought it would be, more like a little children's book. My fault, of course, just make sure you know the size is what you are wanting.

Excellent - purchased as a Roald Dahl 3-book set to read to my Grand Daughter

Our 3 year old loves this book!

Fun Book! My students loved this book.

Great kids book
