Shipping Weight: 7 ounces (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 stars 27 customer reviews

Best Sellers Rank: #3,380 in Books (See Top 100 in Books) #3 in [Books > Arts & Photography > Other Media > Mixed Media](#)

Customer Reviews

This is my third book by Bennett Klein and it is just as awesome as the other two I have. Beautiful grey scale drawings that bring the coloring imagination alive. You cannot go wrong with one of Bennett's books, and I hope to eventually own them all.

Wonderfully creative pictures on one-sided pages. So much fun, I love this artist.

I am fortunate enough to own all of Bennett Kleins works and this book is a cool collection of rougher sketches over time and its so neat to see the variety and authentic edges like a true sketchbook...the art is amazing as usual. the really neat thing is one of the sketches was a giveaway in one of his contests on his facebook family page, i won a peacebeast which i have signed and numbered from him. I cannot wait to see how others color and their interpretation of that sketch which he included in this book . I bought the PDF first as i usually do and have already jumped right in! I am so thankful i found his sketchbooks ...Bennett Kleins art and fb group promoting joy and love has had a profound impact on my life. (as well as the admins and members of his fb page)

I have been a huge BK fan for awhile now. Normally I buy his books in PDF format because I literally cut books apart to color them and I don't like doing that to his books. The covers alone feel

so silky, it makes me sad for a moment that I am about to break the book up. I get over that though because his art work is just outstanding! I love his work because he doesn't seem to get gory. I can go to other artist for that. BK is the guy you look to for futuristic views and creative mash ups of people and animals. His work is tasteful for all ages. He has a creative mind and it's so exciting to see his daughter Mae has it as well. Please check out his work and continue to support the creative mind. Talent and creativity, they have it!!!

Phenomenal as always! A truly talented artist bringing all never before seen images. Unearthed means these are images from years past that have been "unearthed" to bring to us. They range from faces, animals, masks, wolves and miscellaneous images. A perfect addition to my collection!

This book is a collection of some of Bennett's unpublished drawings from the past. Some are cute, some are funny, some more "serious" but all are amazingly Bennett! I've ordered three books and also the digital files! Love Love Love this book!

Another amazing book by Bennett Klein! If you're a fan of his work then you need to add this one to your collection. It has a nice assortment of different pictures he has done over the years. I normally get the PDF version of his books because I like to use watercolor pencils, and I have grown partial to a specific type of paper when working with them. Whether you choose the PDF or the physical book, it is absolutely a must have! Love it!

I choose to get all of Bennett Klein's books in digital PDF version. Bennett Klein is a very generous artist who connects with all on the Color My Sketchbook FB page. Unearthed is a variety of his many different types of work. His grayscale helps me know how to show the light in the picture. If you like things a little quirky you will love this book.
