very simple, but gets across the message to my 2.5 year old that Christmas is not just about getting presents, it's about celebrating Jesus's birthday.

We love this book in our house. It is a cute and simple way to remind kids of why we celebrate Christmas. If you ask my 2 year old about Christmas she will tell you "Jesus Birthday!" We read this all the time.

A lovely Christmas book! We have some of the same traditions as are in the book (like making Jesus a birthday cake) but this book also gave us a few new ideas. This book helps reinforce the reason for celebrating Christmas. I also really enjoy that it's a board book so even the youngest child can hold it while reading.

Not thrilled with the lack of depth in this little birthday book to Jesus. Thought it would be a little more about the Birth of Christ not just about the material side of celebrating a Birthday.

My son loves this little book and it's such a great addition to our Christmas morning celebration.

My 18-month-old granddaughter was given many board books for this Advent season, but without a doubt this was her favorite! She would bring it over for us to read again and again. The colors are so inviting, and the rhyme is endearing. I plan to give this to all the new babies in our family during the next holiday season. You can't miss with this lovely book!

I bought this book for my two year old granddaughter, because I wanted her to begin to learn the real reason for Christmas. As she now understands what birthdays are all about, I thought this would be a good first step. She has made the connection and now sings Happy Birthday to Jesus after her Mom reads her the book!

what can I say? my granddaughter loved the book and she has memorized the book front cover to cover. and she is only almost three yrs old.
