Further Along The Road Less Traveled: The Unending Journey Towards Spiritual Growth

Synopsis

Further Along the Road Less Traveled takes the lectures of Dr. Peck and presents his profound insights into the issues that confront and challenge all of us today: spirituality, forgiveness, relationships, and growing up. In this aid for living less simplistically, you will learn not to look for the easy answers but to think multidimensionally. You will learn to reach for the "ultimate step," which brings you face to face with your personal spirituality. It will be this that helps you appreciate the complexity that is life. Continue the journey of personal and spiritual growth with this wise and insightful book.

Customer Reviews

Psychiatrist Peck's sequel to *The Road Less Traveled* was a 10-week PW bestseller. Copyright 1994 Reed Business Information, Inc. --This text refers to an out of print or unavailable edition of this title.

This sequel to *The Road Less Traveled* (LJ 9/15/78), composed from lectures that best-selling author and psychiatrist Peck has given since his last success, presents spiritual as well as psychological aspects of adult maturation. He explores growing up into forgiveness rather than blame; finding meaning in death; developing genuine self-esteem while dealing with problems of omnipotence, good and evil, and heroism; coping with addictions, which Peck terms the sacred disease; and finding a personal god. Peck criticizes psychiatry for ignoring the spiritual histories of

patients and for misdiagnosing as a result. Highly recommended. Previewed in Prepub Alert, LJ 6/15/93. Copyright 1993 Reed Business Information, Inc. --This text refers to an out of print or unavailable edition of this title.

This book, when read like your life depends on it, is one of the most amazing self-help books written. I studied it with yellow marker, marginal notes and turned down corners in 1997 and it was a major turning point for me. I highly recommend reading it if you're confused about why you do what you do or why others do what they do.

Peck continues to deliver a bitter truth. He is the authority on self-growth and true self-exploration as far as I am concerned. If you regularly read self help/psychology books, this is a must buy! Note: I would recommend reading "Road Less Traveled" if you have not done so yet.

Great insight into psychotherapy, religion, why it turns people off, why it shouldn't, community as a whole, why we need community. Moreso, why we need God. Especially now! Look at what's happening around us and you'll see why things are turning so bad.....not just from a lack of morals, but a lack of spirituality and knowing there is Someone, namely God who is in control. Selfies, what I call all the self-centered people, the whiners, the out to get rid of free speech, the overly political correct morons might read this. Written in 1993, Peck's message is timeless. There's a reason why we need each other~

Good product

Great

Normally a sequel is not as good as the first book, but I was pleasantly surprised at the knowledge contained in this book. The explanation for spiritual growth was an eye opener to me and something that I can apply in my life. The book is a wealth of information from the beginning to the end and most of us will have to read it two or three times to understand all the concepts in the book. The book is for every one who is seeking a deeper meaning to life.

as described

Love this book.
