Leonardo's Shadow: Or, My Astonishing Life As Leonardo Da Vinci's Ser

Synopsis

Milan, 1497. The height of the Renaissance. And for Giacomo, servant of the famous painter Leonardo da Vinci, it's the most difficult time of all. His Master has been working on the Last Supper, his greatest painting ever, for nearly two years. But has he finished it? He's barely started! The all-powerful Duke of Milan is demanding that it be completed by the time the Pope visits at Easter. And Giacomo knows that if Leonardo doesn't pick up his pace, the Duke may invite a young genius -- Michelangelo -- to finish the painting instead. Which means that Leonardo won't be paid, which means that Milan's shopkeepers (to whom he owes massive amounts) will take drastic measures against him. It's all down to Giacomo, and whether he can come up with a brilliant solution. And if he does, will his Master go for it? After all, Leonardo still doesn't seem to trust him. He refuses to teach Giacomo how to paint; he won't help him find his parents; nor will he discuss the significance of the medallion, ring, and cross that Giacomo was carrying when Leonardo found him. But with the secret arrival of a powerful stranger, Giacomo is about to discover much more than the answers he has been looking for. And he will also receive an invitation to help arrange a meeting that could change his life. . . and the future course of history. With more twists and turns than a spiral staircase, this thriller is as unique as its two heroes -- the most celebrated artist who ever lived, and a young man without a past, who will stop at nothing to find the truth about his life.

Customer Reviews

This book isn't perfect but it puts you straight in the middle of Renaissance Italy, to the point where you're roaming its chaotic streets, haggling in the marketplace, and praying you'll survive the tussles between the apprentices and the servants. That said, the one thing that could have been better is creating depth in the characters. It simply isn't consistent. Still I highly recommend it for some fantastic time traveling through Italy.

This book was exciting at the beginning, but began to drag midway through. It picked up towards the end. Leonardo da Vinci is such an interesting figure, more could have been included about his life.

Very good story. Very well written.

I had to read this for a project and enjoyed the book much more than I thought I would

It's a very good story, very well written. I had to read this for a project and enjoyed the book much more than I thought I would. It's a very good story, very well written. I had to read this for a project and enjoyed the book much more than I thought I would.

It's extremely well written, so that it stays interesting for my son to read. When the class trip went to Florence it made more sense than just learning about the renaissance by visiting museums

Nice little plot twist, just when you think the puzzle was solved.... You realize that your assumptions were so very wrong!

good
