# 101 Improv Games For Children And Adults

## **Synopsis**

What is the big deal about improv? It's fun. It strengthens our imagination, promotes self-confidence, increases spontaneity, promotes teamwork, and it's magic: it creates something out of nothing. 101 IMPROV GAMES FOR CHILDREN AND ADULTS contains the basics: what improv is all about and how to do it, special instructions for how to teach improv to children, plus more advanced training on how to use your voice and body in ways you haven't thought of before. It has helpful hints for creating scenes and environments out of thin air. All this plus 101 games with simple instructions, from easy warm-up games to over-the-top crowd pleasers such as Fairy Tales, Bizarre Games, On Your Toes and Narrative Games. This is the tenth in the Hunter House SmartFun activity books series, and the first one for adults as well as children. The book is a great resource for educators as well as for the professional actor or the layperson working with improv for fun. The book contains lively illustrations and is easy to use. Improv is about creating something out of nothing, but a really good improviser can create something great out of nothing. This book shows you how.

BOB BEDORE has been doing theater for the past 24 years, has toured as a stand-up comedian, hosted a live Saturday morning kids show, spent a dozen years as a radio disc jockey, appeared in movies, and has owned and operated several theaters. He has also written 20 plays and a few

screenplays. In 1994 Bob founded an improv comedy troupe, Quick Wits. Since then he has performed with the Wits almost every show (somewhere around 2500 so far) in front of very enthusiastic crowds. He has taken improv to the classroom where he has taught all ages, from kindergarten to college. He lives in West Jordan, Utah.

Use this book with older students and they enjoy the activities.

Great resource

I bought this for my daughter who was at the time 8. (Now 10) & her acting coach suggested this nook. I'm glad I bought it because she loves it. It really does help her to become a great actress.

Very excited to do some of these. I remember a few from my childhood improv days, but many are new to me.

This is a great introduction to short, fun, clever theater games.

I teach sales management at the university and wanted to incorporate more improv activities into our class to help my students improve their communication skills. This book was very helpful, and the students enjoyed many of the activities I pulled from it.

I said "it's a need" for an English teacher while planning lessons especially warm-up activities. These activities help you take all students' attention into your lesson. It's a good beginning. My students aged 12-14 like them. There are 101 activities in it as mentioned on the cover.
