Conceptis Puzzles is the leading number-logic and picture-logic puzzle supplier to magazine, newspaper, book, mobile, game console, and board game providers all over the world. Every day, over 10 million pages with Conceptis puzzles are printed in 40 countries worldwide.

Nice quality white paper - easy to erase and doesn't show through to the other side. SPIRAL bound makes it so easy to work each page. Every puzzle fills an entire page. Answers are easy to find. This level is hard enough for me after doing several hundred of Kakuro puzzles. Level One is a nice one for a lazy day when you want just a bit of a challenge. Level Three was generally too hard for me - I got about 1/3 of them done without any help. I've bought different sudoku books and variety books but this series is the best by far.

I gave this to my wife as a Christmas present and she loves it!

Ok

Difficult, but doable puzzles. Wire binding is easier to keep open.

good book

These puzzles are difficult, but not impossible. If you have never done Kakuro before I would recommend Level One for starters. The paper quality is excellent and the spiral binding makes the book easy to use.

Each of these puzzles was challenging but doable, some requiring several sessions. The spiral construction made holding it and writing answers and guesses comfortable. I'm almost finished the book and will be sorry when I do.

Bought this version for my wife. She said "it is very challenging". One of the hardest versions of Kakuro she has ever tried. She recommends this for advance players or someone that "loves a challenge."
