Customer Reviews

This book has provided hours of reading entertainment for my son. The illustrations are beautiful, and the exposure to non-fiction text is great for young boys. If your chid is a reluctant reader, but loves sports, these books are perfect. If you love college basketball, this is the book for you!

GREAT

Great book with amazing pictures. Must have for basketball lovers!

Got this as a gift for my nephew who is a basketball fan, he and many of the other fan's at the party loved the photography and informative stories in this book. Great action shots, interesting history & great information about the game and players of basketball.

Well worth the price.

Book is awesome but multiple pages look like they were written on by an illiterate teenager

My son loves this book.

My grandson LOVES this book, he loves basketball and this was exactly what he wanted for the information he needed. He's 15 years old
