A Child's Book Of Saints

Synopsis

“Mr. William Canton’s *A Child’s Book of Saints* is everywhere spoken as the children’s book of the year. • -The Bookman, Volumes 14-16, April, 1898 “Beautiful stories exceedingly well told in poet’s prose. • -The Spectator “As a piece of fine taste and perfect workmanship has no rival among the Christmas books of the present year. The name of Mr. Canton is a guarantee for delicate, beautiful, and original writing. A haunting touch of genius no rival as faithful and tender records at first-hand of the child-mind A spontaneity that almost disguises the skill of the artist. In writing *A Child’s Book of Saints*, Mr. Canton had no common task. The beautiful stories of saints and angels have never yet been put in a fitting literary vesture, or rather, we should say, Mr. Canton is the first to provide them with a clothing of wrought gold. To take these stories and make the Catholic in the full sense, and bring them home to the hearts and imaginations of English children, it was necessary for the writer to conceive and produce a style of his own – a style in which to render them adequately Throughout this volume the writing is fascinating and musical. With all its beauty and grace, it has a certain serious depth. As English writing, a style fitted to the substance, few books are more triumphantly successful. The result is a volume for children of all ages – a pioneer work, in short, pointing to the accomplishment of a still greater task, a classical collection of the lives of the Saints. • -The Sketch: A Journal of Art and Actuality, Volume 24, October, 1898

IN THE FOREST OF

Customer Reviews

"A Child's Book of Saints" was first published in 1898, when Mr. Canton had already found his audience. The book is a near successor indeed to his "W. V.: Her Book," and to "The Invisible Playmate

and said, "Amen, I say to you, unless you turn and become like children, you will not enter the kingdom of heaven. Whoever humbles himself like this child is the greatest in the kingdom of heaven." Mt 18 : 3-4. I'm middle aged and read and re read these stories. I finally get why its called a child's book of saints. This is an eye opening book you will contemplate all your life. THIS is literature in the style of cs Lewis or Tolkien... but different in that its not allegory - I would highly recommend this book. I plan to buy several copies after reading the kindle version (which is incredible in that it is free.)

My daughter who is in a Catholic school loves this book it's easy for my kindergartener to read and follow. Very happy with it.

The book is written, I got the impression, from the viewpoint of elves (or pixies or some such) gathering their impressions of different saints. There was only one "saint" whose name I recognized, but the stories were very entertaining and enlightening - and surprisingly spiritual, for a children's book.

A Child's Book of Saints is great for children and adults. It gives you a refresher on all the saints.

If your children have a basic understanding then this would be good reading for them. Otherwise they may not get the full meaning of the stories.

Excellent free kindle book. My kids love reading books on our Samsung tablet, which is half the battle with young kids.

ok

This was a nice free selection
