# Pigs In The Parlor: A Practical Guide To Deliverance

## Synopsis

This book contains a wealth of practical information for the person interested in, planning to engage in, or actively engaged in the ministry of deliverance. With over 1 million copies in print worldwide, *Pigs in the Parlor* remains the authoritative book on the subject of demons and deliverance. Frank Hammond explains the practical application of the ministry of deliverance, patterned after the ministry of Jesus Christ. He presents information on such topics as: How demons enter, When deliverance is needed, Seven steps in receiving & ministering deliverance, Seven steps in maintaining deliverance, Self deliverance, Demon manifestations, Binding and loosing, Practical advice for the deliverance minister, Answers to commonly asked questions, and more! The Hammonds also present a categorized list of 53 Demonic Groupings, including various behavior patterns and addictions.

## Customer Reviews

This may sound crazy, and I was a skeptic before I experienced it, but our family has been plagued by demons for the past two years. Emotional problems, an unnatural number of physical ailments and accidents, an incomprehensible number of ER visits, and depression, anger, and despair were just the most obvious manifestations. We sought advice on the internet, and from our local Pentecostal church. I learned that I can at times discern spirits, a gift that I have no logical explanation for. We could cast the demons out, but they kept coming back, stronger than ever. Recently, we met some deliverance ministers who use Hammond's methods. We've been delivered

from the demons, and using this book have been able to keep them out and continue to search for more subtle ones that remain. The book gives a scriptural basis that, in my opinion, is heavily proof-texted. I am not comfortable with the underlying theology. But the practical steps and experience Hammond shares are invaluable. The writing style is accessible to the average reader, and the key points are repeated for those of us who tend to miss them. I admit that I'm still skeptical of Hammond's description of Satan's army, but that doesn't really matter. The steps in his book work. And if you've been plagued as we have, that's an immeasurable blessing. I will agree that having local expertise, in the form of experienced deliverance ministers, helps a lot. But I believe that we would have been better equipped and prepared for our battle months ago, before it got so bad, if we'd had this book then. (But skip the workbook, it's more theological than practical.) As for the theological issues, I now have the luxury of wrestling with those in peace. As a wise man once said, pull the arrow out and heal the wound. THEN you can worry about who shot you and why.

I learned a lot from this book. It opened my spiritual eyes, helping me focus on how detailed you must be in your prayers and interpretation of the world around you.

This is a must read for everyone. Very interesting and informative!

I loved how practical and easy it was to understand principles and revelations that are by nature so complex. God wants His children free and I am so thankful for this manual.

I read this book many years ago and re-reading it now was a total eye-opener. I could fully understand and relate to what I was reading. My prayer life has been changed and I am more confident that I am praying effectively.

Well organized, scripture referenced, experiential insight. It has changed the way I pray for others. This book will remain my go-to manual for deliverance ministry support.

A must for every born again believer in Christ. We are in a war. If you don't know that, you're deceived. Get this. You will be well armored and it's far from boring. Not at all!!!!

Loved loved loved this book. Very informative as well as very easy to read. I have many deliverance books by many authors, and this one is an all-time favorite.
