Book Of Common Prayer 1979: Large Print Edition

Synopsis

Available for the first time from Church Publishing, this complete, large-print edition of the 1979 Book of Common Prayer (BCP) is ideal for anyone who prefers reading larger type. The large-print BCP presents the certified Standard Book of Common Prayer and Administration of the Sacraments and Other Rites and Ceremonies of the Church together with The Psalter or Psalms of David according to use in the Episcopal Church in the United States authorized in 1979. Special features include highly readable 14-point-type size, kivar cover for long-lasting quality, and lay-flat binding for versatile hands-free use. Designed for use in pews or for personal devotion, the large-print BCP is a perfect gift book. This large print version matches the same pagination as the regular print BCP. The larger size of the book makes it a useful volume for clergy and others who read from the lectern.

Customer Reviews

The smaller print in the smaller copy of the Book of Common Prayer was becoming difficult to read at night in bed, and I was thankful that this copy is not too cumbersome for my purpose and I can SEE the print with no problem. I'm also glad I decided on the soft cover edition rather than the less forgiving hard cover.....difficult to find a position lying down with a larger hard cover book. My vision is fine with glasses, and I'm not especially visually impaired at all. The combination of dim light and the former tiny print of my smaller book was just becoming a struggle at night to read. This book is a great solution at a reasonable price. The one drawback with a soft cover book, though, there is no way one can tuck a packet of bookribbons between the spine of the book and the cover to mark

multiple places you'd want to turn to at different times throughout the day or night. But this is a small price to pay for the ability to SEE the print on the page! Glad to have this large print copy! Perfect!

I bought this for my mother who has MD. She reads her prayer book every night. She had been reading the same prayer book she had as a child, a palm size leather-bound book with print so small she had to read with a magnifying glass. This large print edition was perfect and, to the best of my ability to compare, exactly like the smaller 70 year old version. She no longer needs the magnifying glass.

For those who need larger print, or who have family or friends who do, this Book of Common Prayer is perfect. The cover is very nice and sturdy. The page numbers match, which is obviously necessary to follow along in church. The print is much larger than the small print in the pew books and I used it at church last week and it was great to finally be able to SEE what others were seeing in the small print in the pew books! .It is a bit heavy, but there is no way around that and it is not so heavy as to be unmanageable for me. If you have someone who could benefit from the Book of Common Prayer in large print, I think they would enjoy and appreciate this book.

This is a large heavy book, but Very readable. All the pagination is exactly like the pew version of the BCR. Very easy to read & find specific portions as needed. I highly recommend it, especially for those using the BCP for daily study & devotion.

This is the regular BCP (Book of Common Prayer) but in a large print style. I say "style," rather than edition, because it does appear they simply enlarged the pages and printed them in a slightly larger book, rather than reformatting all the text. The text in this one does come close to rather narrow margins. That doesn't bother me; just saying. Print size is easy to read, and book overall is neither too big nor too small. Just what I wanted.

I bought this as a gift for a friend. She loves it and especially appreciates the large print. It is wonderful to hold a copy in your hand and not just print out whatever is needed online especially for folks who have limited internet access. This book is a blessing.

Just What I need, large print, heavy but can't be helped, very pleased with this

I thought this was a bound book, and it was in fact a paperback edition. I was buying this for my wife and it just was not what I wanted.
