## Customer Reviews

Awesome purchase to help my daughter learn another language.

I'm enjoying this conversational German text. It builds on words taught in lists, recycling them into

versations at the end of each unit. It seems relatively fast moving to me, but I am a first time German learner and it keeps me interested. commendably it uses words and phrases in rich, multi-layered social situations which make the language more memorable. I would recommend this course.

I think if I stuck with this daily, I would really learn the language. I like the whole set up.

great book

Great product. Will definitely help me learn German. Recommend for anyone whose goal is to learn German basic plus more.

my wife Speaks 5 Idioms she is teaching me the German idiom so I returned the Item Thank you

I ordered a specific version of a German language program and switched the order to a similar but different version, which was not useful for my class. Neither the seller nor took any responsibility. Beware. John Bliss

I followed the Chapter sequence. At first I thought this was a tough course. But, I said to myself: "let me take 1 week for each chapter, following the audio of the CDs". Let me tell you that I learned very much German in those 10 weeks. I advise that you learn the numbers in German with other learning easy programs. There are a lot sold here on . Leave everything else to this book. Every night that I repeated a chapter I learned something new, or a new light was lit in my learning. German is no easy language. Don't expect to learn in 10 days or one month. Don't be desperate, after all, you will be advancing because you are in good hands with this book and CDs. Remember that you are at your own pace. The proof that this book is a very nice tool for learning German is that I am now taking the Deutsche Welle online free course, a course that is not easy to follow. I also can read simple writings. This book was helpful in all its aspects. Try it but study, study and study, that is the best task to learn. My next step is to see German language movies and hear music. I recommend this book as a great tool for learning German.
