Author/artist *Masashi Kishimoto* was born in 1974 in rural *Okayama* Prefecture, Japan. After spending time in art college, he won the *Hop Step Award* for new manga artists with his manga *Karakuri* (Mechanism). *Kishimoto* decided to base his next story on traditional Japanese culture. His first version of *Naruto*, drawn in 1997, was a one-shot story about fox spirits; his final version, which debuted in *Weekly Shonen Jump* in 1999, quickly became the most popular ninja manga in Japan.

Naruto was a manga I said I'd never, NEVER read/watch, even made fun of the name. After reading this 3 in 1 edition volume 1, I want to read more. *Naruto* characters appear interesting and well developed by the author. Not one character yet has dropped off the radar as opposed to *Bleach* where it's a usual happening. No going to waste my time on a storyline I find confusing and hard to

follow because of the author's whimsical ideas. Can't wait to finish reading Naruto and get into Shippuden.

Excellent manga except when I opened the box the manga had a tiny bend on the corner of the cover. It also had a tiny hole but I taped it so it didn't get worse. Overall I'm very happy I ordered this instead of each volume separately

Wonderful bit of story telling right here. Now it's for nerds, make no mistake. Ninjas, overblown powers, but you don't have to be a dork to love this manga. It's just a good story. The art is very attractive as well. You won't be disappointed with this product.

This book was my first manga and I really liked the fact that you have 3 in 1 so I could get a better taste of it. I'm not particularly a huge Manga fan but I was a fan of DBZ. I must say I really like Naruto. I'd recommend it to any martial art fan.

Almost as good as the show. The only thing I don't like is that they call the Shadow Clone Jutsu from the show "Multiple Doppelgangers".

I like this series a lot. It's action-packed, humorous & dramatic. This 3in1 volume is generally good. The only downsides are; it doesn't have the original cover art for the volumes it contains but that's okay & the translation is somewhat awkward. For example the (Kage Bunshin no Jutsu) is translated as (Art of Doppel-ganger) instead of the much more common, easier to understand (Shadow Clone Technique). Other than that it's excellent, I highly recommend it for people new to the series or wanna collect the whole story.

My nephew is going to love this!

My son is obsessed with Naruto. He didn't struggle at all with the book starting at the back which I completely forgot about with anime.
