Pat Rodegast first channeled the spirit Emmanuel in 1969. With Judith Stanton, she wrote down and compiled her visions into three books—*Emmanuel's Book*, *Emmanuel's Book II*, and *Emmanuel's Book III*—which have been translated into eleven languages. Judith Stanton is the co-author of *Emmanuel's Book*, *Emmanuel's Book II*, and *Emmanuel's Book III*, with spiritual teacher Pat Rodegast.

Just reading his words bring me back into my sacred heart. Faster than the speed of Light! For this and for Pat bringing these precious words into form, and for Emmanuel's deep and profound love, I AM truly grateful. Emmanuel is you and I at the most sacred center of ourselves. This is who you/we truly are. When reading this book, it's like having the most intimate conversation with yourself. It's healing, loving, nurturing and life sustaining. Go for it! Don't hesitate for one precious moment. Your soul awaits..

I have been a spiritual seeker and student for most of my life with a book case full of inspired and inspiring books on the subject. There are many titles I have read and passed on. There are many titles that I keep around for a second read or to lend to friends. There are a few titles that I love so much that I have read them many times and purchased several copies for gifts over the years. All three of the Emmanuel books fall into this category. If I could give ten stars I would.

You have to read this book if your tired of feeling alone and invalidated in your beliefs.

I'm highly biased in the direction that Emmanuel points. First read this book when it was originally printed. Reading it again is wonderful. I've enjoyed the "sense" of the writings much more from my advancing experience. You could read that as older, I suppose. I do mean experience -- it's all an adventure!

So many important questions are answered in this book. You'll feel that there are reasons beyond our understanding as to why things happen the way they do.

The very best in learning to love.

Love, do not fear, live in the now, remember who you are. Excellent advice, indeed! But all spiritual books teach these things. Emmanuel rarely provides specific answers to questions posed to him by people afflicted with serious personal problems. It seems like he cannot put himself in their shoes. One size fits all! Those that are going through trials and tribulations may need a spiritual teacher who shows more empathy and compassion for the human condition. After all, spiritual growth is for most of us, humans, a slow, gradual process. Emmanuel's approach is not right for me personally but it may well be right for others. ORIN is a much gentler spiritual teacher who channeled six extraordinary books through SANAYA ROMAN. These books were a true godsend to me when, years ago, I was going through really tough times. Believe it or not, Orin's teachings then helped me to take a quantum leap. I wholeheartedly recommend Sanaya Roman's books.

If you haven't read this book, please do yourself a huge favor and get a copy! I cannot say more about how much this book can add value to your life! Delivery and product description were as expected! Thanks!
