Customer Reviews

Use this book. Don't think your totally healthy. Read this book. Very good.

Nope

This book opened my eyes to the fact that we all have parasites and listed several ways to eradicate them in both humans and their pets or livestock with a simple, easy to do and obtain product. I am using the website now to get it for my family and and me and our pets!!! It's a must read for world travelers!

There are great tips to naturally remove parasites from humans and animals with out killing the parasites insideyours or the animals body, because it creates toxins from the dead creatures so you want to get rid of them withLove so they don't harm you/

I found

Wonderfully clear and with excellent suggestions. This book seems well-thought out, and offers very practical suggestions for how to deal with internal parasites. I agree that this is a much neglected subject in our society's version of health care and we would do well to address our guts with more sensitivity than we have in the past. Thanks for the book!

I liked it as a download--no need to wait. It is not as thorough on the different types of parasites as Hanna Kroeger's book, *Parasites, the Enemy Within*. But has good information. He doesn't deal with blood parasites, which might lead some to believe they are parasite free.

Must read for adding extra nutrients to any diet program,benefits of digesting food grade d e are numerous.searching the web now to find a safe high quality product.
