Rat Queens Volume 2: The Far Reaching Tentacles Of N'Rygoth (Rat Queens Tp)

Synopsis

A brand-new, booze-soaked tale of the Rat Queens reveals a growing menace within the very walls of Palisade. And while Dee may have run from her past, the bloated, blood-feasting sky god Nœðâ ãâ„çrygoth never really lets his children stray too far. Collects issues #6-10 of the smash-hit series, plus extras.

Customer Reviews

Certainly a great graphic novel with characters that were immediately beloved after the first volume of comics came out. Volume Two seems to slip due to some changes within the creative team and it shows. The storyline isn't thought out enough and feels a bit rushed. Still fun to see the Queens in action though. Despite a even more lackluster volume 3 (aside from the brilliant artist Tess Fowler) I hope Rat Queens finds its groove again ;)BUT STILL READ IT: please .. This is simply my review and this comic deserves praise despite what I wrote.

This trade collects Rat Queens #6-10. There are a lot of layered story threads in Rat Queens. Best to start at the beginning. Continues the momentum built up in volume 1 without missing a beat. There's a lot of background on the leads here, always relevant to their current character and personality as well as to the ongoing story. Stjephan Sejic joins the art team, and his work is just as perfect for the book as Upchurch's. The plot pays off some ongoing threads while introducing more (including a big cliffhanger for next volume). However as good as the

general story is, the true highlights of Rat Queens are its characters and their development. Despite how awesome everyone is I am developing favorites: Hannah is proving to be the surprisingly deep enigma I was hoping for, and everything Betty does sends me into a laughing fit. That said I could keep going with similar compliments for just about every single character. The cast is that good. More great stuff. Can't wait for volume 3.

I really enjoyed the first volume and for the most part, volume two. was good but there were a few things that bugged me. Non-spoilers first, the writing on the spine of the book drives me crazy. On the first volume the spine says "Rat Queens Vol 1: Sass and Sorcery" the second volume says "Rat Queens Volume two" I understand, because the second title is really long, but still it is crappy planning. Are you writing out the numbers or not? Make up your minds because it doesn't match at all. That and the volume numbers at the bottom of the spine aren't the same size either. So if that type of thing doesn't bother you, you are lucky.*Very minor spoilers ahead*The villain in this book is a villain because his wife was murdered (its not really a spoiler, they tell us pretty soon) . I know, a dead wife should be sad. But honestly, I have read so many books and watched so many movies with dead wives/girlfriends that it honestly isn't sad anymore. It's boring and lazy writing and in the context of the book, the resulted villainy of the now widowed husband is a little unrealistic. So it has a few other moments that are a little bit cliché, but I do really like this series and would buy a volume three.

I play D&D so I was intrigued when I saw this pop up in my recommendations. I'm glad I decided to purchase because I LOVE this comic series! Highly recommend if you love D&D (esp if you're also a female player), fantasy, and humor!

Ok...Take 1/4 TolkienA religion that worships a Cthulu looking squidFour very different womenA besieged townA vengeful dude with a terrible artifactAdd in a little crack...And you have the excellent, funny, tremendous second volume of rat queens!

Great series, love seeing a story which is basically told from the perspective of a kick-ass and colorful female D&D adventuring group.

Excellent storytelling and great characters. Everyone of the queens gets some lime light. Feels like my own rpg group. Yay!

Very nice art. It's well written with a similar humor to Broad City. The characters are more fleshed out in this one. You see their past and understand their motives. Great 2nd volume.
