Customer Reviews

I bought this book for a seven year old boy who is struggling with reading. This is a 5 minute book if you are an adult reading it to a child but for a seven year old, it will take longer than five minutes. Either way, the book is awesome for bedtime reading and helping gain the interest of reading for a child who loves Spiderman or comics. The book arrived in great condition. It is a hard binder with some cushion in it. Graphics are great for kids. This could be one of those books that you save and pass on to your next child.

I bought a few of the 5-Minute Story books. They have padded covers, great illustrations, and my 9 year old nephew was extremely excited to get to reading them. My daughter's 21 year old boyfriend

was a bit jealous as well when he got a look at them. Excellent quality, fast shipping.

I bought this for my son as another book to read from before bedtime. He's 4 years old and is into superheros. Spider-man is one of his favorites. This is a collection of short stories with colorful pictures to illustrate the action on every page. The book is large, with sturdy thick pages that are a bit more resistant to accidental tears that can happen when an excited toddler helps turn a page. He really enjoys this book and the stories in it.

Got this for my Secret Santa child & I hope he really enjoys it. It is a very solid, hardback book, with nice, thick-paper pages. Nothing flimsy that will rip as soon as 1 excited 5-year old tries to see what is on the next page!

I bought this book for my grandson who is 7 and he loved it.

My grandson will love this highly engaging book.

My handicapped brother loved this book!
